A trip with Envision Cleveland gives us a unique opportunity to witness God at work in the local neighborhoods, and to join Him on mission!

We will get to come alongside, partner with, and learn from EC's long-term workers who are invested, building relationships, and leading impactful ministries on the ground in Cleveland.

Envision Cleveland goals:

1. To collaborate with other local non-profits, ministries and government agencies to provide practical, holistic solutions to the ongoing needs of our Cleveland neighborhoods.
2. To demonstrate the unconditional love of Jesus Christ to our neighbors through our service to them without expectation or differentiation, based on religion, ethnicity or socioeconomic status.
